BOTTOM LINE UP FRONT

South Africa scores 4 of 5 on crime risk. Violent crime and vehicle hijacking remain the main drivers, concentrated in Gauteng and the Western Cape metros. Police response times are slow outside city centers, so travelers and site staff should plan for self-reliant security.

01 Key findings

ROBBERY — HIGH

Hijackings cluster on airport routes

Vehicle hijackings rose along routes linking O.R. Tambo to northern Johannesburg suburbs. A [redacted] follow-home pattern targets travelers leaving arrival halls in rental cars after dark.

SOURCE · NATIONAL POLICE DATA

HOMICIDE — ELEVATED

Homicide rate holds near recent peak

The intentional homicide rate stayed close to its five-year high, driven by township violence and [redacted] gang disputes in Cape Flats. Exposure for visitors in business districts is lower.

SOURCE · OFFICIAL STATISTICS

POLICE RESPONSE — MODERATE

Response times lag outside metros

Field contacts report average police response above 40 minutes in parts of [redacted] district. Private armed response remains the practical first responder for most corporate sites.
