OPERATION RISK LEVEL

3 / 5

ELEVATED

LOW — CRITICAL

Scored on TAM-C's 1 to 5 risk method. Steady since day one, driven by road unrest.

01 Operation log highlights

ROUTE — HIGH

Bridge closure forces route change

At 07:40 a fuel price protest closed the Third Mainland Bridge. The watch desk advised the driver of [redacted] via Signal and rerouted through Eko Bridge. The principal reached the meeting 12 minutes late.

SOURCE · GSOC WATCH DESK

THREAT ACTOR — ELEVATED

Kidnap crew active on Lekki corridor

Local reporting tied a [redacted] crew to two express kidnappings near Lekki toll gate this month. The itinerary avoids the area after dark, and the evening dinner venue was moved to Victoria Island.

SOURCE · ONLINE MONITORING

VENUE — MODERATE

Hotel perimeter check returns clear

A TAM-C field contact checked the hotel perimeter and lobby twice daily. No repeat vehicles or loitering were noted. Hotel security confirmed that the principal's floor access is restricted to key cards.

02 Itinerary watch

INDICATOR	TREND	EXPOSURE
Protest activity on planned routes	▲ Rising	HIGH
Kidnap reporting near itinerary stops	■ Steady	ELEVATED
Surveillance indicators at the hotel	▼ Easing	MODERATE
Airport road congestion and checkpoints	■ Steady	MODERATE

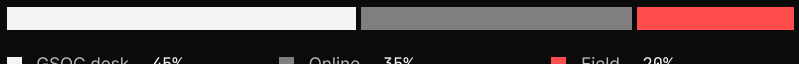

03 Operation recommendations

01 Keep the airport transfer on the morning slot and confirm the route 30 minutes ahead.

02 Hold all evening movements to Victoria Island until the operation closes.

03 Keep the GPS distress device on the principal at all times outside the hotel.
