BOTTOM LINE UP FRONT

Online calls to target electrical substations resurfaced in accelerationist channels this week, and a militia network held armed training near a federal facility in the Mountain West. Lone actors inspired by these spaces remain the most likely source of violence.

WEEKLY EXTREMISM LEVEL

3 / 5

ELEVATED

LOW — CRITICAL

Scored on TAM-C's 1 to 5 risk method. Unchanged, with infrastructure targeting on the rise.

01 Key developments

INFRASTRUCTURE — HIGH

Substation attack guides recirculate

An accelerationist channel run by [redacted] reposted maps of rural substations in three states with notes on firearm vulnerabilities. Several users claimed to have scouted sites in person.

SOURCE · ENCRYPTED APPS

MILITIA — ELEVATED

Armed drills near a federal facility

Members of a [redacted] militia network posted footage of tactical drills on private land near a federal office in Idaho. Posts frame the drills as preparation for a standoff with land agencies.

SOURCE · SOCIAL MEDIA

HARASSMENT — MODERATE

Doxxing of local election officials

Fringe forum users published home addresses of county election staff in two states, citing claims spread by [redacted]. No direct threats yet, but similar posts have preceded in-person harassment.

02 Extremism watch

INDICATOR	TREND	EXPOSURE
Calls to attack power infrastructure	▲ Rising	HIGH
Militia training and recruitment posts	▲ Rising	ELEVATED
Doxxing of public officials and staff	■ Steady	ELEVATED
Antisemitic and hate flyering campaigns	▼ Easing	MODERATE

03 Analyst recommendations

01 Increase patrols and camera coverage at rural substations named in recirculated maps.

02 Share militia drill footage with local partners and review facility access controls.

03 Remove staff home addresses from public records and brokers where possible.
